[Verse 1:]

I need to runaway and get out of this loophole  
Get away from these people and this town  
Of a shithole  
I never thought that a pain could ever feel like this  
After the last time it happened it ceased to exist

[Chorus:]

Getting out of this loophole may be harder than I  
thought  
Breaking it into a million pieces so this pain will stop  
The only thing i need is you right here, right by my side  
But that only gets me deeper into this fucking loophole

[Verse 2:]

Im trapped in this fucking loop again for the last time  
Im going to runaway and make this life of mine work  
Because I don't know whos it is right now  
But in this world nothing goes as it's planned

[Chorus:]

Getting out of this loophole may be harder than I  
thought  
Breaking it into a million pieces so this pain will stop  
The only thing i need is you right here, right by my side  
  
But that only gets me deeper into this fucking loophole

[Bridge:]

Get me out of here  
I only ever wanted you  
To get me in this loop  
I know you should not care  
But get me out of here

[Chorus:]

Getting out of this loophole may be harder than I  
thought  
Breaking it into a million pieces so this pain will stop  
The only thing i need is you right here, right by my side  
But that only gets me deeper into this fucking loophole

[Outro:]  
Harder than I thought  
So this pain will stop  
Right by my side  
Deeper into this loophole

-----

That was the first original song, composed as a band,  
while still Someday you'll Get Yours.

Hope you enjoy it.
