#### Verse 1

Most of the time I do not know what's going on around  
me  
Sometimes I pretend that this life is all a dream  
I shake myself so violently its hard to draw my breath  
I've heard your lies before I don't need to hear the rest

#### CHORUS

Wake me from this night mare called my life  
I want to escape from all of these pointless fights  
But they don't really seem to care  
So I'll run to anywhere but here, anywhere but here

#### Verse 2

I don't know what to think is anything here real at all?  
I can't decide if I'm asleep or if I should take the fall  
Opening my eyes may be the hardest thing I've had to  
do  
But to expose the truth the nightmare sees you through  
[ ]

#### CHORUS

Wake me from this night mare called my life  
I want to escape from all of these pointless fights  
But they don't really seem to care  
So I'll run to anywhere but here, anywhere but here

#### Bridge

I don't know what you do for me  
Walk into my nightmare  
Spill your shame if you have to  
Shake to wake me if you dare

#### SOLO

#### CHORUS

Wake me from this night mare called my life  
I want to escape from all of these pointless fights  
But they don't really seem to care  
So I'll run to anywhere but here, anywhere but here

#### FINAL CHORUS

Wake me anywhere but here  
In your mind, you see things so clear  
But really your perceptions all messed up  
All you manage to do is take a swing to hit  
I can't believe you missed
