Cry (if you want to)

by: Holly Cole

Cry if you want

I wont tell you not to

I wont try to cheer you up

Ill just be here if you want me

Its no use in keeping a stiff upper lip

You can weep you can sleep you can loosen your grip

You can frown you can drown and go down with the  
ship

You cry if you want to

Dont ever apologize venting your pain

Its something to me you dont need to explain

I dont need to know why

I dont think its insane

You can cry if you want to

The windows are closed

The neighbors arent home

If its better with me than to do it alone

Ills draw all the curtains and unplug the phone

You can cry if you want

You can stare at the ceiling and tear at your hair

Swallow your feelings and stager and swear

You could show things and throw things and I wouldnt  
care

You can cry if you want to

I wont make fun of you

I wont tell any one

I wont analyze what you do or you should have done

I wont advise you to go and have fun

You can cry if you want to

Well its empty and ugly and terribly sad

I cant feel what you feel but I no it feel bad

I no that its real and it makes you so mad

You could cry

Cry if you want to I wont tell you not to  
I wont try and cheer you up  
Ill just be here if you want me; to be  
Near you
