What I didn't tell you when you came 'round  
Felt something heavy, seemed something sound  
What I did swallow when you threw those fists  
Tasted too angry to live like this

Monopolized my mind  
And I will leave those things behind  
That mean the most to me  
So I can mostly be  
So unfulfillingly in your life

What were the lessons so unuseful to you  
That you never chose to learn  
When the rest of the world stood up uninformed  
Bravely took their turns  
You think too high  
Without your heart  
And I won't hesitate to go  
I won't hesitate to go  
I was not built  
To play this part  
I will not hesitate to go  
I will not hesitate, just thought I'd let you know

Cock your mane or prove it  
Or you're rendered stong  
By something so unmoving  
It moves me right along  
I will not hold my breath  
For smell unworthy air  
It's only spilled milk crying  
And that I'm only halfway there

And I'll be fine  
As you let this thing unwind  
Another sorted right  
And you'll be satisfied  
And I'll be autumn tied and flailing  
What were the lessons so unuseful to you  
That you never chose to learn  
When the rest of the world stood up uninformed  
Bravely took their turns

You think too high  
Without your heart  
And I won't hesitate to go  
I won't hesitate to go  
I was not built  
To play this part  
I will not hesitate to go  
I will not hesitate, just thought I'd let you know  
Yeah
