Autumn, autumn,  
wake up slowly.  
The time has come,  
I need you  
to pack up and go home.  
I've been praying hard  
for winter,  
Harvesting proof  
of why I should be alone.

And don't you know  
that I screamed the truth  
till I lost my mind?  
And don't you think  
there should be an end  
somewhere close behind?

Ocean, ocean,  
can you feel me?  
I know you can,  
Why would I mean  
that much to you?  
Lifetime, lifetime,  
you're enough time.  
To find the heart,  
find the arms  
I belong into.

And don't you know  
that I screamed the truth  
till I lost my mind?  
And don't you think  
that there should be an end  
somewhere close behind?

Winter,  
I know better than this.  
Winter,  
I know better than this.

And don't you know

that I screamed the truth  
till I lost my mind?  
And don't you think there  
should be an end  
somewhere close behind?
