And softly like a wild bird in flight  
I feel you land like a whisper at my feet  
And I can't get you off my mind tonight  
And it's like an empty tune with a vacant beat

The road keeps on losing it's aim  
Just as I never cease to lose myself  
And I know that I won't be the same  
Until I store you up high upon some shelf

Softly by the brightest moon at night  
I can feel you breathing like a tide in my ear  
And I cannot lose this little ray of light  
Cuz I know it's just too dark without you here

And softly like a dream amidst the day  
You come in and you lose my track  
And for as far as I've gotten away  
It's so quickly brought me right on back

Softly by the brightest moon at night  
I can feel you breathing like a tide in my ear  
And I cannot lose this little ray of light  
Cuz I know it's just too dark without you here

Because now as you speak  
I smile on inside  
With the kind of weak  
So unable to hide  
And this restless night  
Was simply not abide the things that I'm trying to lose  
Oh all the things I let myself use  
In order to forget you  
In order to forget you

Softly by the brightest moon at night  
I can feel you breathing like a tide in my ear  
And I cannot lose this little ray of light  
Cuz I know it's just too dark without you here

Without you here
