The way that you touched me made me believe  
You never love any other the way that you loved me  
When you said forever I thought it was true  
We'd be together our whole lives through  
Well, I got to hand it to you

CHORUS:

You really had me going, stringing me along  
You really had me going, baby  
And now I'm gone.  
You put one over on me said I'm the only one  
You really had me going, baby  
And now I'm gone

You never thought I'd see you in town  
Walking and talking and holding the new love you  
found  
You had the laugh when the joke was on me  
But you're going cry when you get to see  
The way that I love when I leave

You really had me going, stringing me along  
You really had me going, baby  
And now I'm gone.  
I never saw it coming that you could do me wrong  
You really had me going, baby

Oh you proved you're good with a lie  
Are you that good with goodbye You really had me

You really had me going, stringing me along  
You really had me going, baby  
And now I'm gone.  
And now I'm gone, and now I'm gone
