"When I Fall"

Don't you know that I cried in silence
I was too afraid to be saved by the hands that held me
I waited without hope

Without you I lose myself
I find it hard in cheap hotel, with bleary eyes
No one knows it

When I fall, when I lose my head
You're the one I call
When I fall, when I bleed, the one I need
You're the one I want, the one I call

Can't you hear the voices humming madly
Somewhere in my head?
But instead of trying I'm just hiding
Lost in my regret

Without you I loose myself
I find it hard in cheap hotel, with bleary eyes
No one knows it
When I fall, when I lose my head
You're the one I call
When I fall, when I bleed, the one I need
You're the one I want, the one I call

I've dragged the past into the light
I want to leave it here
I've dragged the past into the light
I want to leave it here
I've dragged the past into the light
Come take me from here

When I fall, when I lose my head
You're the one I call
When I fall, when I bleed, the one I need
You're the one I want, the one I call

When I fall, when I lose my head
You're the one I call
When I fall, when I bleed, you're the one I need
You're the one I want, the one I call
