Do you really wanna touch it
Do you really wanna fuck with me tonight
And if you know how I like it
Would you call my name and give it to me right

Do you really wanna touch it
Do you really wanna mess with me tonight
And if you know how I like it
Would you call my name and give it to me right

Could you just put that thing on me
So I can just freak on you and you could just freak on
me
And I'm gon' give it to you all night long
I'mma show your body what your lips are doing wrong,
ooh

Do you really wanna touch it
Do you really wanna fuck with me tonight
And if you know how I like it
Would you call my name and give it to me right

Do you really wanna touch it
Do you really wanna mess with me tonight
And if you know how I like it
Would you call my name and give it to me right

So love just feels so good to me
So could you just move it on up 'cuz I want ecstasy
And I'mma give it to ya all night long
I'mma show your body what your lips's doing wrong

Do you really wanna touch it
Do you really wanna fuck with me tonight
And if you know how I like it
Would you call my name and give it to me right

Do you really wanna touch it
Do you really wanna mess with me tonight
And if you know how I like it
Would you call my name and give it to me right

This boy's shyness got me wet like crazy
I want it more and more when you call my name and
save me

Do you really wanna touch it
Do you really wanna fuck with me tonight
And if you know how I like it
Would you call my name and give it to me right

Do you really wanna touch it
Do you really wanna fuck with me tonight
And if you know how I like it
Would you call my name and give it to me right
