This is your lifetime
no matter what time of life

there's wonder in the air if you stop to care.
Look at heaven
it's kissing clouds

Everybody's living
everybody's proud.

Sweet dreams tonight and forever

secret lives we live together

feel warm inside
this is your time

peace
harmony and love divine.

Heaven's here
heaven's here

we're playing gods and angels

heaven's here
heaven's here.

Summer rain on your face
you're touched by grace

blue skies
white lies and cherry pies.
Lay me down and love me
leave the light so I can see.

Angel mine
let's dream together

sacred hearts that love forever

feel warm inside

this is your time

peace
harmony and love divine.

Heaven's here
heaven's here

...

Why waste your time in a living hell ?
You can live in cloudland just as well !

Sweet dreams tonight and forever

...

Heaven's here
heaven's here
