did i make you want to dance?
sitting here by myself
was it a small war out there?
are you gonna look at me in the morning?

and i didn't know i was the ride
i didn't realize i'm sorry
didn't know i was the ride
i didn't know myself

are you gonna kiss me back in the morning?

and i didn't know i was the ride
i didn't realize i'm sorry

didn't know i was the ride

she drove all night is she gonna get there soon? (x3)

and i didn't know i was the ride
i didn't realize i'm sorry
didn't know i was the ride
i didn't know myself

i didn't know i, i didn't know i, i didn't know i... (fade
out)
