Hey, hi

If you don't mind me sayin' you're not the most patient
patient

Now just be patient 'cause if you don't stop your game
playin'

I will be forced to turn your ass inside out and sign out

Just hold still, just keep quiet

Did your mama tell you not to lie?
Did your mama ever make you cry?
Did your mama ever take care of you like this?

Did your mama tell you not to lie?
Did your mama ever make you cry?
Did your mama ever take care of you like this?

'Cause we could be effective
If you treat my treatment right
You're gonna get it 'cause you're gonna get it

If you just keep still, keep me quiet

Did your mama tell you not to lie?
Did your mama ever make you cry?
Did your mama ever take care of you like this?

Did your mama tell you not to lie?
Did your mama ever make you cry?
Did your mama ever take care of you like this?

Oh, oh wow, oh gosh, okay you're feelin'
I'm so happy you're out of the coma
Yeah, um, no I, I have plans, I can't

Uh, well yeah, actually I met I
Okay this is really awkward
I, I hooked up with your father, okay?

You, you were asleep
We were waiting for you to wake up

We were so upset and and and

And he came on really strong and at first I said no
But then we went for a walk
And I just couldn't help myself, you know

He's, he's really something, you know?
You're really lucky to have him in your life
Okay and um, here's a pass to the cafeteria
I'm sure you're hungry and um, there's your things
And uh, baby, bon appetite!

Did your mama tell you not to lie?
Did your mama ever make you cry?
Did your mama ever take care of you like this?

Did your mama tell you not to lie?
Did your mama ever make you cry?
Did your mama ever take care of you like this?

Did your mama tell you not to lie?
Did your mama ever make you cry?
Did your mama ever take care of you like this?

Did your mama tell you not to lie?
Did your mama ever make you cry?
Did your mama ever take care of you like this?

Did your mama ever take care of you like this?
Did your mama ever take care of you like this?
Did your mama ever take care of you like this?
