Please Please Me (Japan Bonus Track) Lyrics

I don't need no one spinning me a line
It's all been done
Cos I know just what I need to satisfy my curiosity

But now you break the code that I can identify
You start it up and you know just what I like
You fit my expectations
And I say Go, Go

*

Why don't ya
Please, please, please me
Anyway you can turn it on
See where I'm coming from
Please, please, please me
What a girl like me, could do with someone like you
Na na na na na na
What I could do with someone like you
Na na na na na na
WHat I could do with someone like you

I could be impressed
So put your reputation to the test
Just give me something I can't ignore

You got an invitation to explore

Now I'm racing ahead but you're right in front of me
Something about you that I find unsettling
I'm anticipating
Don't say No No

*repeat

Whenever I'm near you
Whenever I see you
Whenever I do

*repeat
