The details of distance and phone bills and kisses  
On other girls lipses don't scare me, I don't care  
Listen, I glisten, I glow when you call  
I'm not small when you call  
Without you baby, I am no one at all

Second chances are what this romance is  
You can't turn me down 'cause

Everybody's got a superjones  
Everybody's looking for something  
A super high super sly super zone  
You can turn me down but I'll keep trying

And these other hours of quiet and empty  
Before love is ours are wild and wide and turned on  
their side  
Shadows and voices and too many choices  
They fill me and kill me 'most every night  
Come on home baby I've learned my lesson right

I don't know where you think you're going  
You can't turn me down 'cause

Everybody's got a superjones  
Everybody's looking for something  
A super high super sly super zone  
You can turn me down but I'll keep trying

Superjones, superjones  
Superjones, superjones  
Superjones, superjones  
Superjones, superjones

Now maybe you think I'll change my mind  
Now maybe you think I'll not have so much time on my  
hands  
But it's you on my hands that I knew on my hands  
That I'd find you again

Baby, baby don't look so shocked  
Now baby, baby don't see the clock behind me

I'm not going nowhere, I'm not going nowhere, no

I'm perfectly happy  
I'm perfectly happy  
I'm perfectly happy  
I'm perfectly happy  
I'm perfectly happy  
I'm perfectly happy

I'm perfectly happy  
I'm perfectly happy  
I'm perfectly happy  
I'm perfectly happy  
I'm perfectly happy  
And you, babe, you are perfect
