Before I spoke
Your voice was moving here
The water safe
This way
That way
I feel his thoughts
Your choice
It's all there
There comes a time to find
Piece of mind

Take some time to let go
'Cos I wanna know

So tongue tied
I can tell what's on your mind
So tongue tied
But I want you by my side
And I wait
And I wait here for a while
Just to see your smile
So tongue tied
I can tell what's on your mind

The day I mean
A sign a world too
To get you back in mine
For a time
The cloudy phase
But I do wanan hear from you
The only one to feel
In a here
You have a mind of your own
And I wanan know

So tongue tied
I can tell what's on your mind
So tongue tied
But I want you by my side
And I wait
And I wait here for a while

Just to see your smile
So tongue tied
I can tell what's on your mind

We appear there is fear
Be right here

So tongue tied
I can tell what's on your mind
So tongue tied
But I want you by my side
And I wait
And I wait here for a while
Just to see your smile
So tongue tied
I can tell what's on your mind
