Cocktails and parties  
Watch you  
Take the floor  
You move like no one I have ever seen  
Ever seen before  
A crush would be all right  
But it's a bit more than that

You're with her  
And baby she's with you  
And yet I know it is all that

Say dreams are dreams alone  
And I'll stay on my own  
I will not let you near the feelings I may have  
(You don't see the feelings that I have)  
Say dreams are for the night  
And I'll forget to lie  
I'll hide this heart and never let you see inside  
(No, you'll never have to see me sad)

They say that love at first sight  
Does not exist  
They say that you're over me  
But I don't agree  
With this  
They say some things that seem to  
Fill my head  
Baby all I want's to hear someone say  
It's so good I'm here instead

Say dreams are dreams alone  
And I'll stay on my own  
I will not let you near the feelings I may have  
(You don't see the feelings that I have)  
Say dreams are for the night  
And I'll forget to lie  
I'll hide this heart and never let you see inside  
(No, you'll never have to see me sad)

And if there's something that you need  
A way to change your mind

If you'd only come to talk to me  
Tell me what you want  
I can do anything you like  
Anything you like, baby

Cocktails and parties  
Watch you  
Take the floor  
You move like no one I have ever seen  
Ever seen before

Say dreams are dreams alone  
And I'll stay on my own  
I will not let you near the feelings I may have  
(You don't see the feelings that I have)  
Say dreams are for the night  
And I'll forget to lie  
I'll hide this heart and never let you see inside  
(No, you'll never have to see me sad)

Say dreams are dreams alone  
I will not let you near the feelings I may have
