Na na na na na na na na na
Na na na na na

I don't need no one who's gonna tell me down
I need you to let me be
Why is it they always seem to come around?
I don't have time for me
Have some pride, lift your head high
Walk away while you can
Nothing I can do to save you now
So take it like a man

The harder they come
The harder they fall
You think I'm yours but I'm not at all
The harder they come
The harder they fall
Around me
The harder they come
The harder they fall
You're confident but you'll lose it all
The harder they come
The harder they fall
Around me

Love my freedom, nothing's gonna take it from me
Don't want it to end
I can't see why people always try and change me
That's not my intent
Have some pride, lift your head high
Walk away while you can
Nothing I can do to save you now
So take it like a man

The harder they come
The harder they fall
You think I'm yours but I'm not at all
The harder they come
The harder they fall
Around me
The harder they come

The harder they fall
You're confident but you'll lose it all
The harder they come
The harder they fall
Around me
