I don't talk to Him that much  
I know I never pray enough  
Ooh, but I don't know where I would be  
Without Jesus here with me

I don't know why I'm still here  
Or why I lived that Wednesday morn  
They were raising hands and screaming holy  
Jesus was right there with me

I gladly would have died that day  
To save the child who went away  
But you can't trade a life like that  
I guess it's part of the master plan

My sister fought, my daddy cried  
My mama begged Him for our lives  
And I don't know where I would be  
Without Jesus here with me

The preacher tried to make me learn  
So I memorized his favorite verse  
But Hank's words they taught me everything  
Thank God, I saw the light for me  
I gladly would have died that day  
To save the child who went away  
But you can't trade a life like that  
I guess it's part of the master plan

My sister fought, my daddy cried  
My mama begged Him for our lives  
And I don't know how I would breathe  
Without Jesus here with me

Before I knew His mercy, before I know His grace  
I was searching out the answers in a dark and hollow  
place  
Before I felt His presence, before I knew His face  
I was lost, oh, I was lost

I still don't talk to Him that much  
I know I never pray enough

Oh, but I don't know where I would be  
Without Jesus here with me

No, there ain't now telling where I'd be  
Without Jesus here with me
