[Instrumental]

I'm in love with you baby, I just want to ride in your automobile

I'm in love with you baby, I just want to ride in your automobile

You got such a fine car baby but too many drivers at the wheel

Got one driver in the morning, one driver at night

Ain't no two drivers that would treat your car right

Oh baby, let me ride in your automobile

I know you got a fine car baby but too many drivers at the wheel

Well now wait a minute baby 'cause it feels so good to me

When you let me get right down in your little pocket seat

Oh baby, let me ride in your automobile

I know you got a fine car baby but too many drivers at the wheel

[Instrumental]

Got one driver in the morning, one driver at night

Ain't no two drivers baby that would treat your little car right

Oh baby, let me ride in your automobile

I know you got a fine car baby but you got too many drivers at the wheel

[Instrumental]

I'm in love with you baby, I just want to ride in your automobile

I'm in love with you baby, I just want to ride in your automobile

I know you got a fine car baby but you got too many drivers at the wheel

[Instrumental]
