Searching in pyramid
Secrets will no more hide
You may not believe it but somehow I'm sure I can deal
with it.
The voice in my head stronger than before:
"Maybe we could live forever
If we knew what they did tell
There is nothing more I can read
There is nothing more to sell"

Secrets I'll find?
Beast within I feed
The world left behind
With glory I bleed
To death by my greed

Fame I feel, cannot stay
The lust will breed, my birds of prey
Is reason to seek more important than saving my
destiny?

I found what I came here for
Still all is lost
My fate to live and die here
Too much for cost

No way for turning back now
Too late to see
I take my final breath and
Just let it be

The child in me, has ran too far
Lost my ways, the end of days
The voice in my head says: 'I never can I never will
have chance again'

"I don't want to live forever
I don't want to hear me cry
There is nothing more I can be
I'm a thief and I must die"
