I don't wanna die  
I don't wanna die  
I don't wanna die  
So you're gonna have to

I don't wanna die  
I don't wanna die  
No, I don't wanna die  
So you're gonna have to

Blood is getting harder  
Body's getting colder  
I've told you once  
I'm the only one who holds her

I don't wanna die  
I don't wanna die  
I don't wanna die  
So you're gonna have to

I look inside of myself  
And try to find someone else  
Someone who's willing to die  
Instead of watching you cry for help

I know that blood will be spilled  
And if you won't, then I will  
My grave will never be filled  
It's either kill or be killed

So let heaven be told  
That some may come some may go  
Where I'll end up, I don't know  
But I ain't dying alone

I keep on asking the question  
"Can I be saved by confession?"  
You see this blood on my hands  
At least there's no reaching to heaven

I gotta pick up the pieces  
I gotta bury them deep

And when you look in my eyes  
I'll be the last thing you'll see

I don't wanna die  
I don't wanna die  
I don't wanna die  
So you're gonna have to

I don't wanna die  
I don't wanna die  
No, I don't wanna die  
So you're gonna have to

Blood is getting harder  
Body's getting colder  
I've told you once  
I'm the only one who holds her

I don't wanna die  
I don't wanna die  
I don't wanna die  
So you're gonna have to

Hurt turned into blood  
And the blood keeps on pouring  
From every pore I wipe it up  
This is just to be demoted

Now someone started dying  
Now my only opponent  
'Cause I will watch my baby cry  
So I keep on just going

Am I a man or a beast?  
Just for the nature at least  
Watch humanity cease  
'Cause it's our human disease

You gotta kill when you gotta kill  
Yeah, that's what they say  
And I can go against God's will  
You better pray

'Cause I'm an angel, a demon  
Yeah, I'm hell and I'm heaven  
I'm everything you couldn't be  
Now you believe in the devil

I gotta pick up the pieces  
I gotta bury them deep  
And when the dark hits the coffin

Just go to sleep

I don't wanna die  
I don't wanna die  
I don't wanna die  
So you're gonna have to

I don't wanna die  
I don't wanna die  
No, I don't wanna die  
So you're gonna have to

Blood is getting harder  
Body's getting colder  
I've told you once  
I'm the only one who holds her

I don't wanna die  
I don't wanna die  
I don't wanna die

Now that I see, I see you buried six feet below  
Another life goes into the night  
I couldn't let him breathe  
'Cause I didn't wanna die

Now that I see, I see you buried six feet below  
It's not alright, can't you hear me as I cry  
I couldn't let you live  
'Cause I didn't wanna die

I don't wanna die  
I don't wanna die  
No, I don't wanna die  
Wanna die

I don't wanna die  
I don't wanna die  
I don't wanna die  
So you're gonna have to

I don't wanna die  
I don't wanna die  
No, I don't wanna die  
So you're gonna have to

I don't wanna die  
I don't wanna die  
So you're gonna have to  
I don't wanna die  
I don't wanna die
