(Chorus)

(Danny)

When the end is getting closer
And the earth has burned the sky
Now repent cause' it's all over
Just let me die

(Verse 1)

(Johnny 3 Tears)

Here's the massacre
Mausoleum. Fit for me
Lived a hundred years
A hundred years I didn't see

Gave all my hope away
Isn't any left for me
Bombs are splittin' atoms
What can the future bring

We can fill a million choirs
And wait 'till children sing
We can walk a million miles
And end up in the sea

And our lungs just keep filling
And lying when we breath
The worlds filled with liars
Liars like me!

And I look at my child
Its fine like this feeling
As blue like the sky
I see all of this meaning

I reach up to god and I ask if I'm dreaming
So sorry I don't have those things that you need
And, darling a kiss
Kiss me on these lips

(Chorus)

(Danny)

When the end is getting closer
And the earth has burned the sky
Now when repent cause' it's all over
Just let me die

As my body lies here broken
And I'm carried to the light
Now my heart is finally open
Just let me die!

(Verse 2)

(Johnny 3 Tears)

Everybody says, "Greetings and goodbyes"
Everybody pays, no one knows the price
We know the price of sin
The sin of sacrifice

I know I'll sin again
Cut who can save me twice?
How much can we ask?
You'll get the answer first

How much can we kneel with the air that chills the
Earth?
The air keeps getting colder
My knees keep hitting dirt
The innocent can cry without the guilty getting hurt

You ask who you love, and you don't know, no, do you?
The spirit of god just passes right through you
You gave away heaven
Handed right to you

And I can see it all
Tell me is it true
Kiss me my darling
(whispered) Darling I need you

(Danny)

Where do we go?
We go oh, lord I don't know
Where we go
We go no!

I dont know!

Where do we go!
We go oh, lord I don't know
Where we go
We go no!

(Johnny 3 Tears)

Lord I don't know!

(Chorus)

(Danny)

When the end is getting closer
And the earth has burned the sky
Now when repent cause' it's all over
Just let me die

As my body lies here broken
And I'm carried to the light
Now my heart is finally open
Just let me die!
