Break 2x

Waiting for the bestial death - in that bloody  
slaughterhouse

Bull's approaching feel his breath - blood's streaming  
out his mouth

Break 4x ran

Rough he takes me to the rack - his battle cry sounds in  
my ears

The axe is falling down my neck - nobody knows the  
feaaaaaaar hoch

sofort

I will be reborn - to be free again.....

Break the----auftakt

The shamble becomes red in blood - raw meat was  
eaten up

Blood shreds this sacrifice - it was not a sign of  
gooooood

Break

I'm waking up in horror fright - I know I'll never win this  
fight

There's something hanging over me - the butcher's axe  
- no time to flee

sofort

I will be reborn - to be free again.....

sofort

Shuffle

You are the next victim - the blood I bleed was not in  
vain

The butchercompany will come - to lead you to the  
slaughter

I will be reborn - to terminate my exercise

Minds are rolling down the streets - blood is dripping  
from the trees

Ende
