[Verse 1]-

Yo

It' like I'm losing my brain

Goin in sane

This life can't remain

It's like I'm living in the fast lane

The streets just ain't the same

It's getting worse as if the youths were cursed

But first, I'm here to tell you that we gotta make a
change

Rearrange

Shine your light like photochemical exchange.

Get down wit the youths like ya sposed to

Cutin through the ruff times we're gonna peruse, it's
true

Straight through the gate

No time for hesitate

We're gonna set the rate

Let your soul levitate

No time for hate ya'll.

[Hook]-

We gotta change, this broken earth

People killin people diein, what's the worth.

We gotta change, this broken earth

People killin people diein, what's the worth.

[Verse 2]-

Refuges searching for the Lord in this land over seas

Cap-tives prepare to begees

When we rhyme chains are broken every time

The luvs divine

You'll be living just fine.

Ay yo I come in this new mix

Change yo ways it's time to get fixed

Preaching through my lyrical biblical mind

You'll find, the glory of my God it is so divine.

It's yo time, to get saved

Rearrange your life

Drop the knife

Do what's rite

Start to handle life
Yo.

[Hook]-
We gotta change, this broken earth
People killin people diein, what's the worth.
We gotta change, this broken earth
People killin people diein, what's the worth.

[Bridge] - [Spoken]-
The world is fallin' at a steady pace
Blacks 'n' whites keep hatin' each race
I'm hear too try an' bring peace in this place
But e gotta work together so as â€

[Verse 3]-
I step in the door
We hitting the score
We broken down barriers we bout to brake down some
more
Let's get deep down to tha core
Brakin' tha floor
Let's fly
We're gonna soar
Well should I mention some more?
We gotta get the world changing
Rearranging
Minds working
Cause there's so many people hurting.
Change, don't stop
We gotta get it straight to tha top
We're gonna change as if we took it to a beauty shop
Don't let it flop
It's a new revolution
End of full stop.

[Hook]-
We gotta change, this broken earth
People killin people diein, what's the worth.
We gotta change, this broken earth
People killin people diein, what's the worth. (Fades out)
