Gods Ghetto.

Written by Holy Hustla.

Yo, let me take you on a journey, close your eyes,  
I close my eyes and visualize a place with no beef  
No hustlers, punks, thugs and no thief's  
Love is always around but no anger is shown  
The loneliest person is never alone  
No such thing as segregation  
Cause there ain't no such thing as race  
No one saying; dogg I'll put a hole in your face.

This place is one of a kind  
This place is still in my mind  
This is the Ghetto, Gods Ghetto

A place were milk and honey will always flow  
The streets are gold  
And the weather ain't ever stormy or cold  
This is Gods Ghetto and you know you've been told.

What is Gods Ghetto?  
A place were there's no illness  
Every Ghetto's house ain't no slum, it's a mansion  
2pac comes close to this with his song Thugs Mansion  
So I get down on my knees today to pray for a better  
day  
Lord pleas to you I pray;  
Save a place for me in Gods Ghetto, Heaven.
