Proud on the horse blindig in his shining suite of
armour
The night came back victorius from the dangerous
battle

An adverse fate expected him while he was coming
back to the castle
When he arrived there the first rays of the star lighted
the castle

But no ray could wake his beloved 'cause victim of a
spell
Of the evil witch coming from the land of dark valley

[Rit:]

Go warlike in love -
Run to find the antidote before it's too late
Go warlike in love -
By your bravery results her terrible fate
Go winner warlike -
Your winged horse knows of the unhappy mischance
Go triumphant warlike -
Cross marshes, destroy the mystical spell

Now you have found the magic draught come back she
is waiting for suffering
Remember to stay far from the black and dark valley

The enchanted lake could be the only refreshment
place
And the night goes down and runs around the angelic
nights creatures

Now your trip is at the end your beloved you've saved
ones more
And her eyes lights up with a sweet smile of a shining
sun

Go warlike in love -
Run to find the antidote before it's too late
Go warlike in love -

By your bravery results her terrible fate
Go winner warlike -
Your winged horse knows of the unhappy mischance
Go triumphant warlike -
Cross marshes, destroy the mystical spell
