Lord, have you ever been mistreated?
Then you got to, you got to know just what I'm talking
about
Yes, have you ever been mistreated?
Then you got to, you got to know just what I'm talking
about
Lord I work five long years for one woman
And she had the nerve to kick me out

I got a job at a steel mill, I'm shucking steel just like a
slave
Five long years, every Friday y'all I went straight home,
yeah
I went straight home
Mistreated, then you got to, you got to know just what
I'm talking about
Lord I work five long years for one woman
And she had the nerve to kick me out

Lord but I finally learned a lesson, I should have known
long time ago
The next woman I marry, she gotta have two jobs
And she gotta go out and work long and bring some
dough
Lord, said I've been mistreated
And you got to, you got to know just what I'm talking
about
Lord I work five long years for one woman
And she had the nerve to kick me out

Have you ever been mistreated?
Then you got to, you got to know just what I'm talking
about
Yes, have you ever been mistreated?
Then you got to, you got to know just what I'm talking
about
Lord I work five long years for one woman
And she had the nerve to kick me out

I got a job at a steel mill, I'm shucking steel just like a
slave
Five long years, every Friday yes y'all I went straight

home
I went straight home with all my pay
Yes, I've been mistreated
And you got to, you got to know just what I'm talking
about
Lord I work five long years for one woman
And she had the nerve to kick me out, Lord

Lord, I finally learned a lesson, I should have known a
long time ago
The next woman I marry, she gotta have two jobs
And she gotta go out and work and bring home some
dough
I've been mistreated, yeah
And you, you know just what I'm talking about
I work five long years for one woman
And she had the nerves to put me out
