I think I smell a rat in my house
Baby, I believe you got just too late
Aw, I smell a rat, I smell a rat in my house
Honey, I think you walkin' 'round too late

You know I need a rat in my house like this now
Just like I need a hole in my head
You cry baby, you afraid at night
You say you can't stay home all alone

Oh, you said you afraid, afraid to stay home at night
You say you didn't want to be home alone
Oh, but I can smell a rat in the time I get back
And all, and all you do is gonna make me moan

You got my back door wide open
Baby, you say you're supposed to be afraid
You got my back door wide open
And you tell me you're supposed to be afraid

You know the last time I slept with it opened
You know 'was so cold I almost lost my head
Sometime I think you're foolin' me baby
And I do believe it's just drivin' me around

Sometime I think you're foolin' me baby
Honey, I think you're just drivin' me around
Why don't you leave me alone woman
You know I think there's another women I can go, I can
be found

I think that you have it to explain
Honey I'm not that hard to understand
Did you ever try to sit down and explain
I am not that hard to understand

You will be sleeping with the back door open
Baby or with another man
But you what, you're so good
I don't believe I wanna leave you alone

Oh, you're so sweet to me

I don't believe, I can leave you alone
Stayin' and peepin' like you got a woman
And try to make me, all happy
