Don't move

Hey girl
Well now I'd sure like to make love with you
Hey baby girl yeah
Girl I sure would like to make love to you
I'm not gonna take too much of your time
Because you know a little dab will do

I don't want much
I just want a minute or two
No I don't want much
I just want a minute or two
You see I told you
Little girl a little dab will do

Look-a-here

Oh for a while little girl
Then I'll be through with you
Oh for a while little girl yeah
Then I'll be through with you
Then I'll see you
I told you a little dab would do

For cryin' out loud
I just can't do what I used to do
Oh Lord for cryin' out loud
I just can't, I just can't, I just can't do what I used to do
So take me for with I am
And I told you a little dab will do

Ya-ba-da-ba-do!
