Hello world  
Have you seen Miss Ida B?  
Hello world, yeah  
Have you seen Miss Ida B?

She's a coffee colored brown  
And she looked something like a Japanese

I love you, Miss Ida B, yeah  
And I just can't, I just can't hardly keep it in  
I love you, Miss Ida B  
And I just can't keep, just can't keep it in  
I'm in love with you, Miss Ida B, baby  
Ever since, ever since you was a kid

Baby, when I'm gone  
Who you gonna let walk in and take my place?  
When I'm gone, baby yeah  
Who you gonna let walk in and take my place?

I hate to even think about, yeah  
Another man snoring in my baby's face
