She said she liked to party
She, sure looked good
She said, let me show you what I got
Under my hood
She slid on over
And she, called me honey
She said, before you get a kiss [msss]
You got to show me the money

Show me the money
Don't be talking no trash
Only thing better than money is a
Pile of that cold hard cash

Took my baby out on the town
The other night
Drinking champagne in the
Candlelight
I told the waiter bring another bottle
For my honey
He said, before we pop the cork you got to
Show me the money

Show me the money
Don't be talking trash
Only thing better than money is a
Pile of that cold hard cash
On my way home
I stopped to catch the last call
I could hear the band jamming
The people was having a ball
The owner asked me
If I would sit in
I said, I ain't no dummy
Show me the money

Show me that cold hard cash!
You know just what I mean
Don't be talkin trash
If you want the real deal now
Show me that cold hard cash

Show me the money
Show me the money
Show me the money
Show me the money

The only thing better than money is a
Pile of that cold hard cash
