Well I had a job, but I got laid off
I had a heart but it got too soft
I had a girlfriend and she lied
I had a wife but my wife she died

One too many drinks about an hour ago
All I want now's just one more
And when it hit, a baby I don't care
Where
Where
Where
Where
Where
Where
Where
Oh where

Where is the next one comin' from
Where is the next one comin' from

Some folks they say there's just one thing
Where is the next one comin' from
Gonna make 'em dance and gonna make 'em sing
Where is the next one comin' from
Had a little o that and had a little of this
Where is the next one comin' from
Well I checked 'em all off 'a my list
Where is the next one comin' from

All I know is don't get enough
All I get is this old rough stuff
But when I do oh baby, I don't care
Where
Where
Where
Where
Where
Where
Where
Oh where
Where is the next one comin' from
Where is the next one comin' from

I want more, gimme gimme gimme gimme

Oh yeah I want more, oh oh yeah

Where is the one comin' from
Where is the one comin' from
Where is the one comin' from

All I want is my belly full
Where is the next one comin' from
It's a natural thing for an animal
Where is the next one comin' from
Well I'm tired all of that give and take
Where is the next one comin' from

About all I got was a bellyache
And once a kid has come to town
He talked like a fool and he dressed like a clown
Only love could have put him down

Where
Where
Where
Where
Where
Where
Oh where

Where is the next one comin' from
Where is the next one comin' from

Where Oh, where huh
Where is the next one comin' from
Got to know , got to know, got to know, got to know
about the next one, yeah

Where is the next one comin' from
Where is the next one comin' from
Where is the next one comin' from
Where is the next one comin' from
Where is the next one comin' from
Where is the next one comin' from
Where is the next one comin' from
Where is the next one comin' from
Where is the next one comin' from
