Well, worry, worry, worry, baby  
Worry is all I can do  
Oh, worry, worry, worry, woman  
Worry is all I can do

Yes, my life is so miserable, baby  
Woman, it is all on account of you

Yes, it hurt me, it hurt me so bad  
When you said that we were through  
Yes, it hurt me, it hurt me so bad woman  
When you said, when you said we were through

Yes, uh, you know I'd rather be dead, woman  
Woman, than to be here lonesome and blue  
It was so lonely, somebody

Alrighty  
Come here somebody, come here now

Goodbye, baby  
Oh, you know I sure had a wonderful time  
Oh, goodbye, goodbye, goodbye, goodbye, goodbye,  
baby  
Lord have mercy, Lord have mercy  
We sure had a wonderful time

You know you're gonna run me crazy  
Darlin', are you gonna make me lose my doggone  
mind?
