[music: Andy Klassen]

[words: Sabina Classen]

Hear their crys in the light of the sun  
Dying children have nowhere to run  
Living here for many a year  
Ask for help, we don't hear

Blood runs red on a perfect face  
Dog eat dog, alone in this race  
Only taught how to destroy  
Nothing but puppets playing with their toy

For a profit you show no resistance  
What of the children, where is their existence  
Opposing thoughts are treated as trash  
Behind our back, you make big cash  
Never thought it to be like this  
Time has come to see what you've missed  
The smell of blood - the deadly deeds  
Will bring my visions to their knees

Dog eat dog - Alone in this race  
Dog eat dog - Get out of this place

Dog eat dog - In a world of hate  
Dog eat dog - Get out of this place

Here their crys in the light of the sun  
Dying children have nowhere to run  
Living here for many a year  
Ask for help, we don't hear

Dog eat dog - Alone in this race  
Dog eat dog - Get out of this place  
Dog eat dog - In a world of hate  
Dog eat dog - Get out of this place

Blood runs red on a perfect face  
Dog eat dog, alone in this race  
Only taught how to destroy  
Nothing but puppets playing with their toy
