Dead and Gone

Racing down the road to no where blinded by an evil spell,
The devil he's riding shotgun a shotgun on a highway to hell,
With a speed of light we drove out of sight and vanished into the dead of the night.

Drunken with hell bent with anger the devil looked at me and smiled,
He said have another drink my friend he was knowing all the while,
Well I lose control and takes my soul brings me across this fiery coals.

Choirs

Dead and gone Do and Die drinking driving suicide,
Heading down the last road of your life, Dead and Gone
Do and Die the road to hell is before your bloodshot eyes

The last thing I can remember we were driving down
dead man's curve
The devil he was laughing with me a little as the car
began to swerve well I hit the breaks but was just to late
tripping into the hands of fate

Choirs

Dead and gone Do and Die drinking driving suicide,
Heading down the last road of your life, Dead and Gone
Do and Die the road to hell is before your bloodshot eyes

Choirs

Dead and gone Do and Die drinking driving suicide,
Heading down the last road of your life, Dead and Gone
Do and Die the road to hell is before your bloodshot eyes
