[Queiroz/Carlo]

I never will betray  
I never will be lost or down  
I ever will be fighting for our cause  
I won't be the last unfair  
I don't want you close your eyes for all around you  
[Bridge:]  
Soldiers of dawn (we'll) never have rest in this place  
The battle keeps march on  
I never will betray  
I never will be lost or down  
I ever will be fighting for our cause  
I won't be the last unfair  
I don't want you close your eyes for all around you  
[Bridge:]  
Soldiers of dawn (we'll) never have rest in this place  
The battle keeps march on  
[Chorus:]  
Soldiers keep (on) fighting, someday our treasure,  
It must be found  
And this inner flame keeps lighted and  
Burning inside our hearts.
