-1-

Sometimes it can hurt so much to feel without a touch
To be here all alone.

It's easy to lose heart, when life is falling apart,
And it seems you've looked everywhere for hope.

PRE-CHORUS:

"Come to me child of my own"
Said a voice from out of nowhere
"I'll give you rest, please come home"
And suddenly he was there

CHORUS I:

Love conquers all, it conquers all
Surrender it in His hands
Love conquers all, it conquers all

-2-

You've heard time heals all wounds, but time's an
empty room
When you're bleeding by yourself.
You've tried to stay strong, and you stood there for so
long
Will you hold inside a cry for help?

(Pre-Chorus)

CHORUS II:

Love conquers all, it conquers all
Surrender it in His hands
Love conquers all, it conquers all
It's all a part of His plan
Love conquers all, it conquers all
Even though we may not understand
Love conquers all, it conquers all

-Solo-

He said "I'll always be there"

PRE-CHORUS:

"Come to me child of my own"
Said a voice from out of nowhere
"I'll give you rest, please come home"
He's the only one who really cares

(Chorus II)
