"My World"

In My World, Things Are Not As They Appear,
Looking Through Beyond The Mirror.
In My World, It's Not Here Or Today,
Surrounds Us All, I Can't Explain.

(Chorus I:)
When Heaven And Earth Collide,
One Day, Hello, Good-bye.
Across The Divine ,
We Take A Step, It Opens Wide.

In This World, You'll Find That You Have Changed,
Swallowed Up By That Remains.

(Repeat Chorus I:)

It's Not Here Or Today,
Surrounds Us All, I Can't Explain.

(Chorus II:)
When Heaven And Earth Collide,
One Day Hello, Good Bye.
Across The Divide, And Right Before Our Eyes,
We Take A Step, It Opens Wide.
