Obsessed, pleasure and pain  
It's the only world I know  
Living in toxic rain  
And my head is ready to go  
My hands are burnin'  
The wheels are turnin'  
And the butterfly's lickin' the toad  
Melting minds will just explode

Toxic rain, another bomb is freezing my head  
Toxic rain, another storm is leaving  
The thunder is bringing us fear again

The walls have crumbled to sand  
Yes, the lines are deep in my hands  
Guns and toys of modern man  
Self-destruction again  
What the hell is wrong with the plan  
When my mind is leading  
The world is bleeding  
And the caretaker's making the bed

Toxic rain, another bomb is freezing my head  
Toxic rain, another storm is leaving  
The thunder is bringing us fear again

Wars of money try to break me  
When I'm broke

Wars of time-delusions of hope  
What a joke  
When the blind can see  
All the criminals free  
You've got nothing to lose  
You take nothing from me  
And my head spins crazy  
From the air that I breathe  
I can't breathe

Toxic rain, another bomb is freezing my head  
Toxic rain, another storm is leaving  
The thunder is bringing us fear again

Obsessed, pleasure and pain  
It's the only world I know  
Living in toxic rain  
And my head is ready, my head is ready to blow

Toxic rain...Toxic rain...Toxic rain...Toxic rain
