

Holy Soldier **"My World"**

Visit "[My World](#)" on MotoLyrics.com

In my world, things are not as they appear
Looking through beyond the mirror
In my world, it's not here or today
Surrounds us all, I can't explain

When heaven and earth collide
One day, hello, goodbye
Across the divine
We take a step, it opens wide

In this world, you'll find that you have changed
Swallowed up by that remains

When heaven and earth collide
One day, hello, goodbye
Across the divine
We take a step, it opens wide

It's not here or today
Surrounds us all, I can't explain

When heaven and earth collide
One day hello, good bye
Across the divide, and right before our eyes
We take a step, it opens wide
