The night is closing, closin' in on me
I watch the sun fall into the sea
And I think of you and me

(Where are you?)
When my tears are falling down
(Where are you?)
You're not around

The days are long, the night's eternity
I think of how it is and how it used to be
When you were here with me

(Where are you?)
When my tears are falling down
(Where are you?)
You're not around

I lay, I bleed
But you will never see
I cry, I need

I lay, I bleed
But you will never see
The pain inside of me

The fire has died, the spark is all we need
It's such a great divine but God can fill the sea
Won't you come back to me?

(Where are you?)
When my tears are falling down
(Where are you?)
Not around

I lay, I bleed
But you will never see
I cry, I need
I lay, I bleed

I feel the pain in my mind
It haunts me to this day

When I sleep, you're in my dreams
Just can't get away

(Where are you?)
When my tears are falling down
(Where are you?)
You're not around

I lay, I bleed
But you will never see
I cry, I need
You know I need you

I lay, I bleed
But you will never see
I lay, I bleed
The pain inside of me

(The pain)
Inside of me
(The pain)
Inside of me
The pain, the pain
