

## Holy Terror "Do Unto Others"

Visit "[Do Unto Others](#)" on MotoLyrics.com

(Deen/Alvord)

Give me a blindfold, give me a smoke  
Hang me at dawn, watch me dance as I choke  
Laugh as I perform for you  
I must be evil, I must be damned  
I must repent for the person I am  
People like me should be put to the test  
People like me should be put to the death  
Sing now for the day is new  
Now you are cleansed you have killed the disease  
Now you feel safe now you feel released  
Purging through others is easy isn't it?  
Your soul needs to nurse on another souls tit  
Someone's suffering, how relieved are you?  
Do unto others as you would have them do unto you  
This system could work but for human nature people  
are screwed  
Who is the man that won't even try  
Who won't fight his battles who's afraid to die  
Insatiable flesh keeps people sedated  
Violent aggression it's all related  
The animal kingdom is thriving well  
If you think it's Heaven I think it's Hell  
No trust in hidden power  
A cardboard condo, no shower you stink  
You're down on your luck, you could use a drink  
Social awareness says say no to drugs  
Easy for ginch man and the money he hugs  
Save the Ivory Tower  
Do unto others as you would have them do unto you  
This system could work but for human nature people  
are screwed  
No just cause you read your Bible  
Do something while you're still liable  
Just let the martyrs do it all for you  
How easy to get your wings  
It's not fair  
It's not FUCKING FAIR  
Why should you care, some challenge some dare  
Who is the man that won't even try  
Who won't fight his battles who's afraid to die  
Insatiable flesh keeps people sedated

Violent aggression it's all related  
The animal kingdom is thriving well  
If you think it's Heaven I think it's Hell  
No trust in hidden power  
A cardboard condo, no shower you stink  
You're down on your luck, you could use a drink  
Social awareness says say no to drugs  
Easy for ginch man and thee money he hugs  
Save the Ivory Tower  
Do unto others as you would have them do unto you  
This system would work but for human nature people  
are screwed
