I ran too far
Fought too hard and lived too fast
It brought me down, tore me up

So I buried myself
Deep down in the blackest hole
Where I've slept and I've wept

All these tears I've shed
Slowly heal my bleeding soul
It takes a fall to rise again

Inside of me
I'm ready to grow young again
Start the fire in this heart of ice

The time is right for me again
So lift your eyes up to the sky
You'll see me dancing on the winds again

There are no more tears for me
Bring life to empty eyes
I will be once again
The tears from heaven dance

Tears from heaven fall
Angels' dance before my eyes

As I reach out from this womb

God save this world
I will walk upon it again
I will breathe and I will live!

The time is right for me again
So lift your eyes up to the sky
You'll see me dancing on the winds again

There are no more tears for me
Bring life to empty eyes
I will be once again
The tears from heaven dance

There are no more tears for me
Bring life to empty eyes
I will be once again
The tears from heaven dance

There are no more tears for me
Bring life to empty eyes
I will be once again
The tears from heaven dance

There are no more tears for me
Bring life to empty eyes
