

Hombres G

"Nowhere Slow"

Visit "[Nowhere Slow](#)" on MotoLyrics.com

It seems the harder that I try
The further I fall behind
I'm falling behind
So many things I just don't know
All these decisions
Too little time to decide them
I wonder why I even try
Chorus:
Seems it happened once again
Do my best but in the end
What have I done? Well, nothing
In a world that moves so fast
Yeah, I'll be sure to finish last
Left with nothing to show
I'm going nowhere slow
Facing daily frustrations
Not meeting expectations
Expectations
So many things I just don't know
All these decisions
Too little time decide them
I wonder why I even try
(Chorus)
I've figured out
That life's not about
A human race
(It's about) decisions made
And lessons learned at, learned at my own pace
