"One Night Stand"

Hey all you girls, I've seen you at the parties.  
I've seen you getting drunk, making fools of  
yourselves.  
But it's okay! I'll get together with you anyways.  
Just as long as I never see you again.  
You say you want love, bud do you think I really care?

All you were was a "one night stand" and all I wanted  
was your sex...  
Come on all you girls lets get together.  
We're gonna have a great time.  
I'll take off your clothes, then take off mine... and then  
we'll begin to dine!!

Hey all you girls, I'm feeling really horny.  
I've got a big ol' boner sticking out of my pants.  
But it's okay! I'll get together with you anyways.  
Just as long as I never see you again.  
One time possession and you don't mean shit to me.  
All you wanted was a relationship and I just wanted you  
to suck my dick!
