Bop ba ba ba ba...

So long (so long) to you (to you)
I hope I don't make you blue
But I think I'm gonna kill myself
I think I'm gonna kill myself

Apart (apart)
We've grown (we've grown)
And I can't go on alone
So I think I'm gonna kill myself
I think I'm gonna kill myself

Now dig my grave with a silver spade
A golden chain lay me down and down
Send my remains to my best friend
The rest to my hole in the ground
The rest to my hole in the ground

Bop ba ba ba ba...

I bow (I bow) my head (my head)
'Cause in the morning
I'm a gonna be dead
Yes, I think I'm gonna kill myself
I think I'm gonna kill myself

Now dig my grave with a silver spade
A golden chain lay me down and down
Send my remains to my best friend
The rest to my hole in the ground
The rest to my hole in the ground

Bop ba ba ba ba...
