I feel a-stranged from all my friends.
I feel the diss-connection,
When they're around, they'll criticize...
I guess I don't need them.
...about my happiness. It's makes me hurt inside.

Chorus:

By all my peers. I don't want you around
Me anymore. Find someone else to be your
Friend leave me alone, leave me alone...
Overcoming all my fears. Constantly criticized
When I'm by myself,
I feel so free: No one to push me down and make

Criticize. My friends (suck because they) don't
Understand that they're hurting me inside.
Me brush my teeth: When they're around, they'll
