Just say goodbye.
And close the door.
Turn off the light.
And pick up the pieces if you need them.
This world is cold, but just know you're not alone.
No, you're not alone.
I know what you're thinkin'.
I know how you're feelin'.
Believe me you're not alone.
I've been here before.
Just where you are and not quite so sure that I did the
right thing.
Believe me.
And this world is cold so I'll make sure you're not alone.
I know what you're thinkin'.
I know how you're feelin'.
Believe me you're not alone, no.
Why don't you stay with me tonight.
Because I know everything is not alright, and that's not
alright.
I know what you're thinkin'.
I know how you're feelin'.
Believe me you're not alone.
No, you're not alone.
