You said you've had enough, I've had it up to here  
But I'm still standing  
Screaming as you fall, I'm making this point clear  
But you're not listening

Apologies are so unusual  
But it's not usual to make amends

So why won't you leave me?  
I just want this to be over, I need some time to think  
So why won't you leave me?  
You're better off with him rather than me

Don't deny the truth, I've moved on  
And you're still here, understand me  
With your crying eyes, wipe off all your tears  
'Cause I'm not listening

Apologies are so unusual  
But I am comfortable to not be friends

So why won't you leave me?  
I just want this to be over, I need some time to think  
So why won't you leave me?  
You're better off with him rather than me

So why did I abandon?  
Ruin a foundation that we built  
Well I, I'm not committed to waiting and pleasing you  
Make this clear

Why won't you leave me?  
You don't want this to be over, I just need time to think  
And when will you leave me?  
You're better off with him rather than me

So why won't you leave me?  
I need some time to think  
So why won't you leave me?  
You're better off together with him rather than me
