cigarettes and lonely nights  
my stomach burns with butterflies  
this emptiness feels like a midnight city sky  
i just want to feel your skin  
trace every line and back again  
and breath in your every breath just like it was my own

whoaaaaaaaaa  
i'm missing you tonight  
and every second cuts just like a knife whoa  
whoooooooooo  
i'm missing you tonight

ohhhhhhhaaaa ohhhhhhhaaaa

cigarettes and lonely nights  
the smoke stings my sleepless eyes  
i squint the world into a thousand blinding lights my  
shaking hands hold photographs  
that bring so many memories back  
they're torn and creased from all these nights they had  
to last

ohhhhhh whoaaaaaa  
i'm missing you tonight  
and every second cuts just like a knife whoa  
whoaaaaaa  
i'm missing you tonight  
tell me what to do  
cause i just can't make it through  
another night without you here  
when every seconds feels just like a year

ohhhhhhhhhh

is it fine to feel this way  
every hour in these days  
every minute every second  
every sunrise every sunset

whoaaaaaa

i'm missing you tonight  
and every second cuts just like a knife  
whooooaaaaa  
i'm missing you tonight  
tell me what to  
cause i just can't make it through  
another night without you here  
every second feels just like a year
